

Post Results Enquiry Form (June 2026 Exam Series)

The following information explains what may happen following a clerical check, a review of marking and any subsequent appeal. If the college submits a request for a clerical check or a review of the original marking, and then a subsequent appeal, for one of your exams after your subject grade has been issued, there are three possible outcomes:

- Your original mark is lowered, so your final grade may be lower than the original grade.
- Your original mark is confirmed as correct, so there is no change to your grade.
- Your original mark is raised, so your final grade may be higher than the original grade.

To proceed with the clerical check or review of marking, you must sign the form below. This tells the head of centre that you have understood what the outcome might be, and that you give your consent to the clerical check or review of marking being submitted as per the details you provide on this form.

This form is also used for you to give your consent for access to and use of exam scripts.

A separate form is required for each subject.
